# President's Budget, Enacted, Rescissions, Available

## Budget Planning

- Internal budget planning, priorities guidance, Strategy Execution and Evaluation (SEE) process.

## Budget Formulation - President's Budget Request

- Guidance from NOAA, DOC, and OMB is provided to formulate the budget.
- Budget request to Congress is released the 1<sup>st</sup> Monday in February.

## Hearings, Mark-ups and Appropriations

- After the budget request, Congress deliberates on the budget request typically through the spring and summer, and an appropriation bill is provided prior to the start of the fiscal year (Oct. 1).

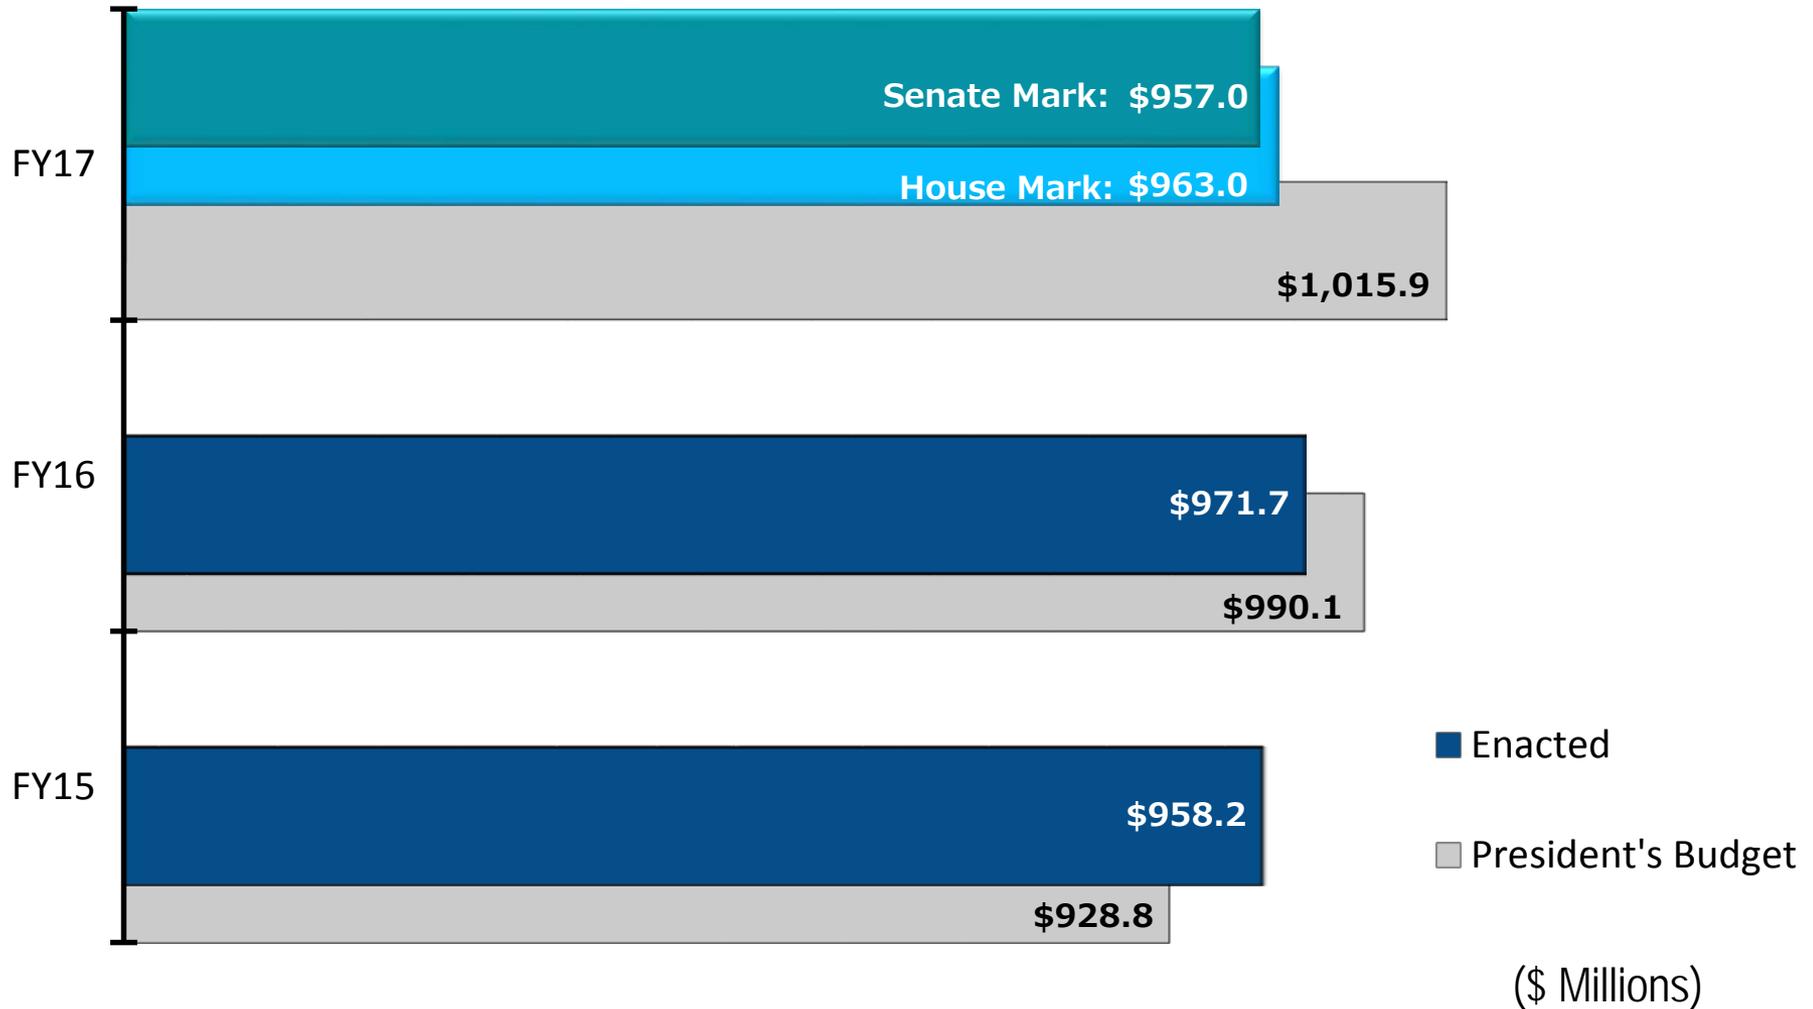

## Budget Execution - Apportionment

- After the budget is appropriated, an apportionment must be signed to allow distribution of funds for obligation.

## Rescissions & Other Costs

- From the appropriated amounts, agencies are subject to rescissions and other costs that must be accounted for before arriving at the funding available for a specific program or project.

# FY 2017 Continuing Resolution

- Operating on 2<sup>nd</sup> Continuing Resolution (CR) through April 28th
- Continues at or near FY 2016 Omnibus level
- Typical CR rules, such as no new starts, or terminations
  - Contract activity can continue
  - Grants can be awarded
- Potential for a full-year CR

# FY 2017 Councils Funding

- Under the previous and current CRs, NMFS prioritized distributing funds to Councils and Commissions early--- in the 1<sup>st</sup> and 2<sup>nd</sup> quarters.
  - The 2<sup>nd</sup> quarter release of funds brought each of your FY17 funding levels to approximately 50% of the anticipated FY17 total.
  - We have only obligated funds represented in the top row (*Regional Councils line*) of your annual Council Funding table.
  - We will continue to fund the Councils as early as possible as the fiscal environment unfolds during the year.

# FY 2017 Councils Funding and Adjustments to Base

## FY 2017 Senate CJS Report Language:

*“Fishery Councils and Commissions.—No less than \$34,254,000 is provided to support the Regional Fishery Management Councils, Interstate Marine Fisheries Commissions, and International Fisheries Commissions. All amounts provided by this act for NMFS Regional Councils and Fisheries Commissions, which are above amounts provided in fiscal year 2016, shall be distributed in equal proportion between the Councils and the Interstate Fish Commissions.”*

- If this language is approved in the Conference Mark, NMFS will spread the provided increase over FY 2016 proportionally between Regional Councils and Fisheries Commissions.
- This would result in a different split of the increase between the Councils and Fisheries Commissions than requested in the President's Budget.

# Grants update

# External Grants

- **Electronic Monitoring and Reporting Grant Program (NFWF)**
  - The 2016 EMR Grant Program awards were announced September 14, 2016.
  - 10 grants awarded totaling over \$3.35 million.
  - Grants will be matched by nearly \$3.23 million from the grantees, for a total conservation impact of more than \$6.58 million.
  - NFWF's EMR Grant Program is supported by the NOAA, and the Gordon and Betty Moore Foundation.
  - The FY 2017 Program has not yet been announced.

# External Grants - continued

- Coastal Resilience Grants Program (Joint NMFS/NOS)
  - Integrates two existing grant programs:
    - Coastal Ecosystem Resiliency Grants Program administered by NOAA Fisheries
    - Regional Coastal Resilience Grants Program administered by NOAA's National Ocean Service.
  - Supports two categories of activities:
    - Strengthening coastal communities
    - Habitat restoration
  - FY 2017 funding opportunity announced on January 13, 2017.
  - Closing date for applications: March 15, 2017.
  - Estimated Total Program Funding: \$15,000,000

# FY 2017 Saltonstall Kennedy (S-K)

- Approximately 50 applications will be recommended for funding based on panel scores.

# Strategy in a time of transition

# Focusing on our Strategic Goals

- Ensure the Sustainability of Fisheries and Fishing Communities
- Recover and Conserve Protected Species
- Improve Organizational Excellence

Fisheries Priorities and Annual Guidance for 2017

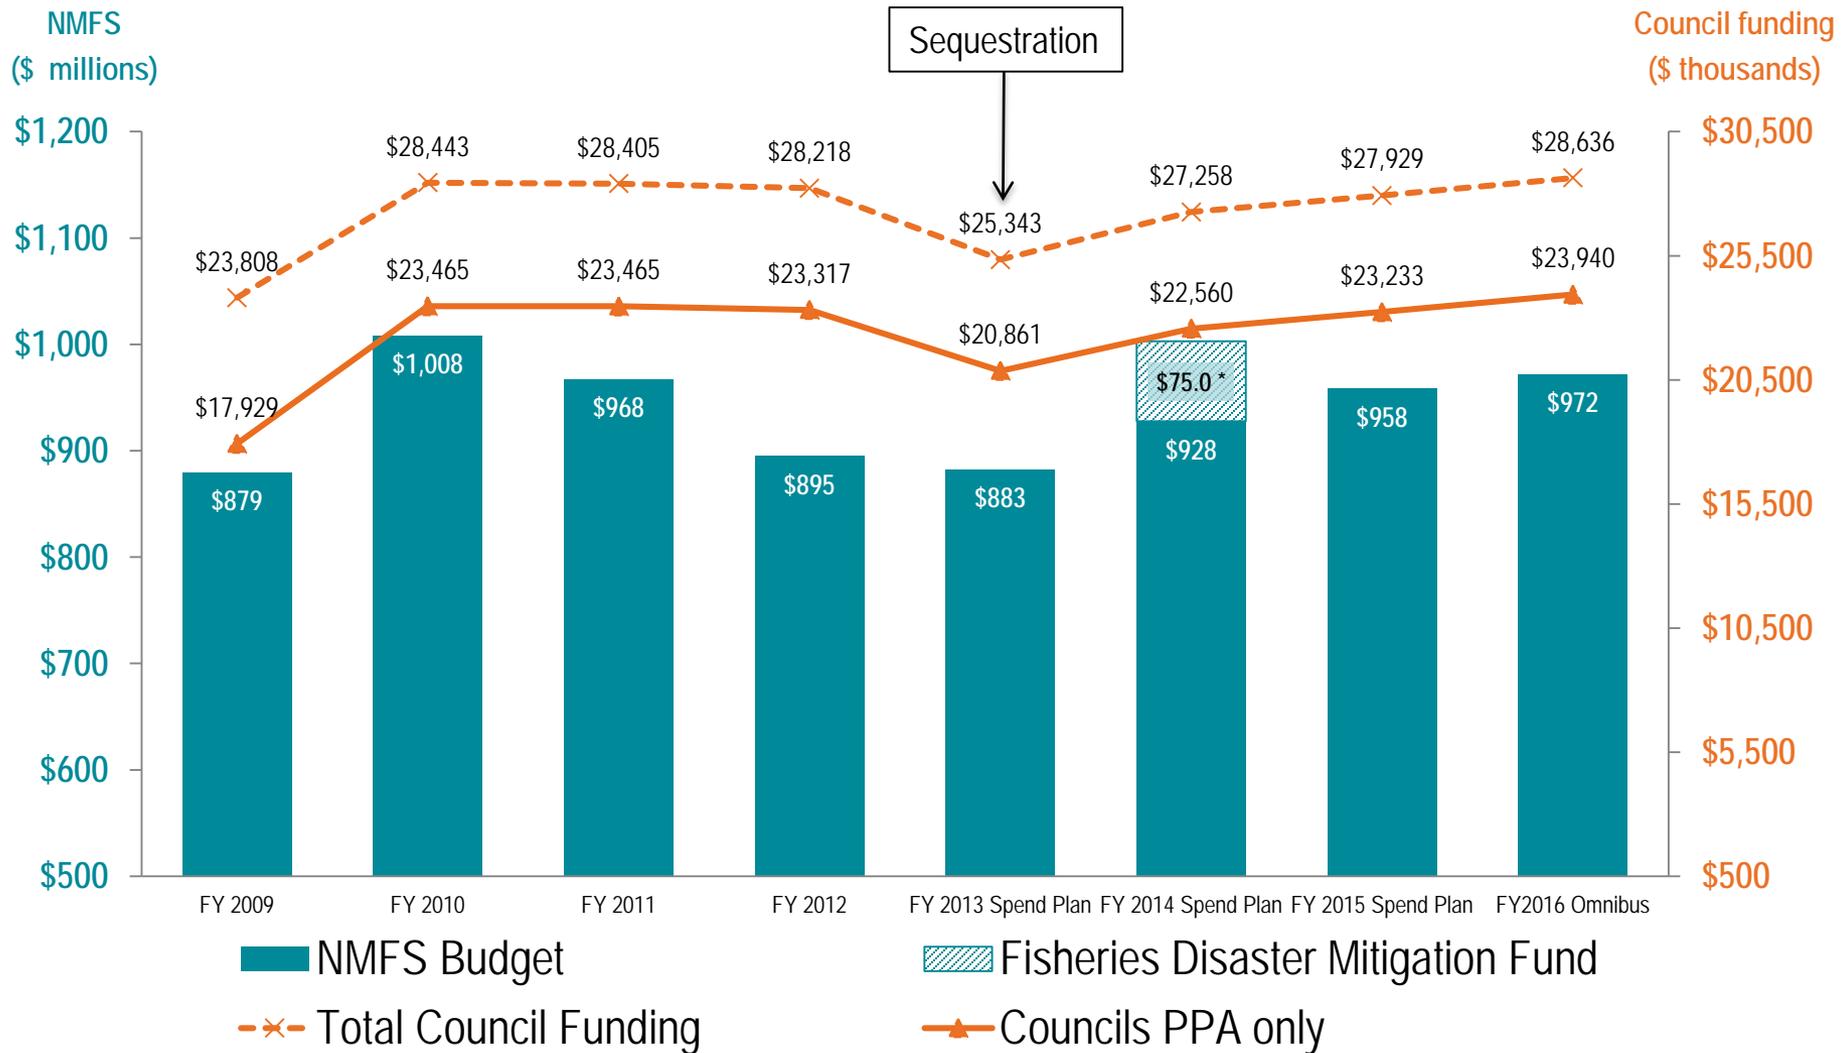

A close-up, front-facing photograph of a fish, likely a salmon, with prominent orange spots on its head and upper body. The fish's eyes are large and dark, and its mouth is slightly open. The background is a soft, out-of-focus blue and green, suggesting an underwater environment. The top right corner of the image is overlaid with a dark blue curved shape containing the text "Questions?".
