

Welcome ‘Īlioheʻiʻiohōloikauaaua Keiki!

HAWAIIAN MONK SEAL PUP!

BORN

Year-round

*March through August
is peak season*

Between
25-35 lb
at birth

About
3 ft
at birth

Up to
180 lb
upon weaning

**BLACK
WOOLY COAT**

*Molts completely by
about 5-6 weeks to
reveal a silvery-gray coat*

BORN ON LAND

*Across the Hawaiian archipelago,
from Hawai‘i Island to Hōlanikū (Kure Atoll).*

About

200

pups born annually

No more than

1

*pup born to a
mom in a year*

FAVORITE ACTIVITIES

- *Resting with mom*
- *Exploring the water with mom as I grow*
- *Nursing from mom for 5-7 weeks. After that I'm completely on my own!*

I NEED

Safe space to rest, nurse, and explore my habitat. Mom is **VERY** protective!

After weaning, I need:

- *Safe space to rest and begin my life on my own*
- *Healthy reef to produce my food*
- *Other seals to hang out with and learn from*

**150 FEET
OF SPACE**
