

**Sea Scallop Research Track Working Group Meeting**

**Wednesday, April 12 2023**

**9:00 am-11:00 am EST**

**Agenda**

- Han will give a presentation about discrepancies in spatial coverage between the dredge and HabCam surveys and Dvora may have more work to show on the dredge surveys
- TOR1 Discussion: Identify relevant ecosystem and climate influences on the stock. Characterize the uncertainty in the relevant sources of data and their link to stock dynamics. Consider findings, as appropriate, in addressing other TORs. Report how the findings were considered under impacted TORs.
- Updates: Dvora, Han (climate model in MA), Dave and Sally (nematodes, blisters), Shannon Messeck (OA experiments)
- Brief updates from others on progress for the remaining ToRs.
