Southeast Fisheries Science Center

# Gulf of Mexico Shrimp Listening Session

Wednesday, September 20, 4–7 p.m.

**Gulf of Mexico Fishery Management Council**  
**4107 W Spruce St #200, Tampa, FL, 33607**

**Calling all Gulf of Mexico Shrimpers—Captains, Permit Holders, and Deckhands!**

We are interested in hearing about:

- What aspects of your operation are most critical to your success? Are they facing short- or long-term threats?
- What impact has fisheries management had on your industry?
- What targeted research would improve management of the shrimp fishery?
- How do ecosystem changes affect your businesses and communities?
- What do people value in the ecosystem?

**Our goal is to increase information flow between scientists, managers, and fishermen in support of improved fishery resources in the Gulf of Mexico.**
